

»» Have Your Say

Royal Berkshire Fire and Rescue Service is consulting on its Integrated Risk Management Plan.

What is an Integrated Risk Management Plan?

Our Integrated Risk Management Plan ensures that we have the right resources, in the right place, at the right time in order to address potential risks within our communities.

What does this mean for me?

This will shape our strategy in three areas over the coming years. These are Prevention, Protection and Response. We want you to have your say to tell us if you agree with our proposals to help keep you safe.

How do I take part?

You can find our strategy documents and consultation online at: rbfrs.co.uk/consultation.

You can also ask for other formats by emailing irmp@rbfrs.co.uk or calling 01189384331.

Closing date: 11 May.
