

Active travel route from Woodley to Reading: share your views

Earlier this year, we consulted on a new walking and cycling route from Woodley town centre to Palmer Park in Reading under the Government's Active Travel Fund.

We've updated it based on your feedback and want your views on this revised proposal, which no longer includes a one-way system on Woodlands Avenue.

This scheme is part of our vision to encourage healthier, more sustainable travel across the borough by making cycling and walking a safe, attractive and inclusive option for everyone.

Find out more and respond at engage.wokingham.gov.uk or call 0118 974 6000 for other formats.

Consultation closes on 19 August
